BUILD YOUR OWN IDENTITY

THE UNIVERSAL INDENTITY PROGRAM

WWW.METASOCIALITY.IO

METASOCIALITY is a blockchain protocol that gives ownership and control of the identity of a person back to the individual, and enables valuable utility on the internet to bond that identity to valuable assets, relationships and agreements.

Mint your identity as an NFT and use it to show the world exactly who you are. Stored on the blockchain, your MESO ID is the safest way to verify online transactions without giving away your personal data. It's your digital passport to limitless opportunities. Who or what will you become?
